Re: Allegheny County
Elizabeth Township
S.R. 0048, Section A38
ECMS No. 81738
Scenery Drive Landslide Project

Dear Representative Puskaric:

The Department would like to take is opportunity to inform you that we are planning a landslide repair project on S.R. 48 (Scenery Drive). The project is located in Elizabeth Township, Allegheny County. The project begins at S.R. 48 Segment 0090, Offset 1300 and continues to Segment 0090, Offset 2625.

The southbound lane of S.R. 0048 has failed over a length of approximately 400 feet, north of Swiss Alpine Village. A Geotechnical treatment of a caisson treatment and mine grouting are being done along with drainage improvements and site distance improvements at Broadlawn Drive. Roadway reconstruction will also be performed within the failure area.

We anticipate construction to begin in late-July 2019 and be completed by early-November 2019. Since one lane is being maintained throughout the project limits, adjacent projects in the area may utilize this section of S.R. 48 as a detour.

The northbound lane will be maintained during construction, with a temporary signal.

We would ask that this information concerning the project be forwarded to your emergency services contacts and any other persons or entities within your community who may be impacted by the project.
